

## CUSTOMER'S QUOTES ABOUT MONT SUTTON

"I love SUTTON because we feel far from everything. In its glades, I am like an adventurer discovering a new land. Its varied and steep terrain, its wild landscapes awake the elated skier in me, and I'm in total symbiosis with this elegant mountain and gross at the same time. SUTTON, if I was also a mountain, I would ask you to marry me."  
O. Houle-Ouellette

"When I started snowboarding in Québec I never thought it was possible to fall in love with a mountain in Québec after seeing all the mountains the pros ride on. But a couple years ago I was proven wrong, when I met a special young lady that skied at SUTTON I

decided to go ride with her one day. When I got there I was quickly surprised by the warm welcome I got at the ticket booth. Beside the warm welcome, the trails captured my heart the fun exciting runs and the cool snow park that offers everything I need to push my talent to the its very limits and have the greatest fun. And ever since that day I've been skiing at SUTTON I've even slept in the parking lot to get first tracks in the morning. So I can say I LOVE SUTTON because it's like nowhere else!" A. Perks Labbe

"Last weekend, we went to Mont SUTTON with our son for the first time. He told us that it was his most beautiful day of his life!"

"The best glades in Quebec are found in Sutton. I have skied here for 24 years and gave up trying to find another other place to go. Sutton is simply the best." M. Darby

"I've ridden at every ski station in Quebec and always refer to SUTTON as one of Quebec's best kept secret... SHhhh... don't tell... it is incredible. Powder like Fernie, trees like Big White, vertical lines that can compete with any Rocky Mountain and to top it off, no lift lines! Plus a fantastic cozy chalet at the tip top of the mountain with a roaring fire, chilli-to-die-for and a stunning view of the appellation mountains. The glaciers may have played havoc with the appellations years ago, but they sure left a gem behind with Mont SUTTON. You'll have to go either 4000km West or 3500km East to find anything comparable." D. Garroway

"Between Christmas and the New Year, we took a lot of photos and when we went back to office, our colleagues asked us where we went for our « Christmas trip »!!! At Mont SUTTON!" D. Mastrogiuseppe

"I drive 3hrs, past all the other resorts along the way (at least 15!), because there is something special about a ski day at SUTTON. Not because you have 54 runs and 968m..." A true fan

"SUTTON is truly a unique ski station, where you feel much closer to the nature. Which is different than other ski stations who offers "highway" trails... Thank you again for the amazing skiing day and you can be sure that I will come back more often than in the past years..." Pierre D.

"Twenty five years ago, I went to Mont SUTTON for the first time with the man who is now my husband. I have skied at different places since I ski, but the problem is that I started with the BEAUTIFULEST MOUNTAIN IN ALL QUEBEC. I came back to Mont SUTTON several times with my family and we all agree that Mont SUTTON is magic!"

“My family and I have been in love with Mont SUTTON for 15 years already. Whether it is to enjoy the sunshine at the top of the Alleghanys trail, to see the tree branches which have plenty of snow, the glades... It is joyful! To allow our children and to us to be on a vacation every weekend, it’s awesome! Nothing in the world could replace those magic moments in the Miracle trail, the Loup de Loup trail... and what can I say about the delicious chilli at lunch time! Living, breathing, having a blast... this is what Mont SUTTON means to us!” Nancy

With the good tips and advices of the instructor and after a few runs, I was already charmed by the trails of the mountain. My first half day of skiing went too fast. I was surprised to watch the sunset... Mont SUTTON made me like sport again and I recommend it to everyone!” Benoît

“My parents had their honeymoon at Sutton in 1960, and in 1970 brought their 5 kids for March break; a tradition that continued for at least 20 years. When asked what they would like for their 50th wedding anniversary my parents (who now live in BC) requested a week of skiing at Sutton with their 5 children, 2 daughters in law, and 7 grand children. See you at March break!” John B.
